## Democracy.

The Pure, Genuine Article Meets  
in Convention at Hardinsburg.

UNANIMOUS FOR DAVE MURRAY.

The Democrats of Breckenridge county, pure and undefiled, met in Delegate Convention at Hardinsburg last Monday. There were speeches and enthusiasm galore. Every Democrat present had his working clothes on cocked and primed for the enemy. Splendid reports came in from every precinct showing that the cause of silver and Democracy is yet alive in the land and on winning grounds, and that old Breckenridge will roll up in November with his banner unfurled and the Democratic hosts marching to victory.

Chairman Whitworth called the convention to order. He stated the object of the meeting—the election of delegates to the District Convention at Elizabethtown.

On motion R. C. Richardson was chosen temporary chairman, and Jno. D. Babbage, secretary.  
The chairman, on motion, appointed the following committees:

Credentials—Jo Mullen, R. T. Owen, L. R. Addison, Dolph Jones, Dr. Milton Board and Thos. Drane.

Resolutions—W. E. Minor, Gus Brown, J. P. Stewart, Dr. Sam O'Bryan, N. Mc. C. Mercer, Jno. Carter.  
While the committees were out the convention was warmed up with eloquent and enthusiastic speeches by the Hon. W. E. Minor, Gus Brown and Judge Mercer. They made strong appeals in behalf of silver and the cause of the people.

The Committee on credentials reported all the precincts represented save Bewleyville, and were entitled to seats on the floor of the convention.

The Committee on permanent organization reported, for Chairman—Judge Milton Board and Jno. D. Babbage, Secretary.

The Committee on resolutions made the following report which was adopted.

RESOLUTIONS.  
The Democracy of Breckenridge county, through their delegates assembled, renew their allegiance to Democratic faith by a reaffirmation of the principles of the late National Convention at Chicago, and endorse the nomination of the chosen leaders for President and Vice President, Wm. J. Bryan, of Nebraska, and Arthur Sewall, of Maine.

We re-advise further that our delegates are instructed as a unit to vote in the District Convention for our distinguished country man, the Hon. D. R. Murray as eminently qualified to lead us to victory as our National Democratic representative.

The Delegates were then selected by a committee named by the chair who reported the following:

## FREE SILVER IN HANCOCK.

Hon. W. E. Minor Holds a Crowd  
of Over Six Hundred People  
Spell-Bound For Two Hours.

## THE COUNTY FOR FREE SILVER.

The campaign was opened in Hancock last Saturday with a big barbecue at Hawesville. There were nearly a thousand and people present all shouting for silver and Bryan and Sewall. The silver men claim that they will carry the county by a majority anywhere from three to six hundred. It was a great day for silver and pure Democracy. After a splendid old-fashioned barbecue dinner, the yearning multitude were treated to a two hours speech by the Hon. W. E. Minor our own county man. It was admitted by all who heard him to be one of the soundest and most practical reviews of the subject they had heard in the campaign. He had the most marked attention throughout. His ringing words and well rounded points, in support of the Democratic platform of 1896, sustaining in particular the autonomy of states, and banishing the last vestige of anarchy doctrine charged against the platform was listened to with the closest attention and roundly applauded.

In the course of his remarks he cited "Old Man" Jerry Rusk, who was then a Northwestern Governor, who met and repelled the Federal troops invading a sovereign state and for that distinction became a cabinet officer under President Harrison. He discussed at length the currency problem and presented a complete solution, after which he arrayed the two great parties, maintaining the conservatism of the Old Democracy in all her great records in establishing the equality of all men, as they were created equal and free, and denouncing the class legislation of the Republican party. His speech was a success, the barbecue was a success and free silver is sure to win in Hancock in this good year of 1896.

Edward Bartran White, who made his escape from the Brownsville jail about one year ago, was arrested by Marshal Hall and Detective Wills last Thursday on the farm of James M. Newton, in Hancock county and brought to this city. He was wanted for forging a check. Mr. Wills took him to Brownsville and delivered him over to the authorities there.

## Words of a Statesman and Patriot.

The following is a little speech of Mr. Bryan's made by the wayside on his tour through the East. It is the whole question in a nutshell. Broad and unselfish, plain and simple are his words. Thoughts that breathe, words that burn in the hearts of all true Americans.

"MR. CHAIRMAN, LADIES, AND GENTLEMEN: I know that among our neighbors in the East there are many who have regarded our position upon the money question, the position taken by the Chicago Convention, as entirely wrong and they speak of the silver sentiment as a sort of disease. I want to beg you my friends, to believe that we who advocate the restoration of the money of the constitution are not seeking that policy because we believe that it is going to give us an advantage over somebody else."

"We have studied the question as best we could, and we honestly believe that there can be no permanent, no general prosperity in this country until we stop the conspiracy of those who would make gold the only standard of the world, and make all other things depend upon that alone. We believe that while the

STRENGTH FOR GOLD GOES ON Other things must become cheap; that as we increase the demand for that one thing we must decrease the price of all those things that we change for gold, and we believe that this falling of prices, compelled by legislation, is destructive of the energies, the industries and the hope of the toiling masses of the United States over the world. (Applause.)

"Remember that this question cannot be viewed from the standpoint of any class of people. It reaches every man, woman and child in the land, and you should make your view broad enough to comprehend them all, because I believe I speak the truth when I say the prosperity of those who toil, and that you cannot have a financial policy which brings distress to those who create wealth without the end reaching those who rest upon those toilers; and more than that, you cannot have a policy which brings prosperity to the masses without that prosperity proving a benefit to all mankind."
